- Visual function check of the UVC clarifier
- Can be operated with the additional Filtral Nozzle Set (50089) to create a fountain effect

The Oase Clear Water Guarantee*

For coarse and fine debris

e.g. plant remains are removed by various filter sponges.

For healthy water

Naturally occurring microorganisms on the surface of the filter media decompose harmful substances like nitrite.

For a living pond

The continuous water circulation created by the pump helps to keep the biological balance in the pond. Thus the ideal environment for pond inhabitants is created.

For refreshing moments of relaxation

Different water features enlivens the atmosphere as well as senses and gives you creative freedom (optional in UK).

For more vitality

The innovative oxygen nozzle oxygenates the water, from which your fish benefit (optional in UK).

For crystal clear and free sight

The integrated UVC-lamp disinfects the water and destroys disturbing algae, e.g. floating algae. This prevents any clouding of the water.
